ABOUT ME

Passionate and detail-oriented Web Developer specializing in modern full-stack JavaScript technologies. Experienced in building responsive, scalable, and user-centered web applications using React and Next.js for dynamic front-end development and Tailwind CSS for clean, efficient UI design. Proficient in back-end development with Node.js and Express.js, creating secure RESTful APIs and high-performance server-side systems. Skilled in database design and management using both PostgreSQL and MongoDB, enabling reliable data-driven applications. Strong problem-solving mindset with a focus on performance, maintainability, and delivering real-world digital solutions.

CORE SKILLS

- Basic IT troubleshooting
- File management and documentation
- Data organization and validation
- MS Office and Google work space management
- Strong attention to detail
- Time management, commitment and reliability
- Team work & Communication

TECHNICAL SKILLS

- **Programming Languages:** C++, Java, JavaScript, Python
- **Web Development**: HTML5, CSS3, Tailwind CSS, React.js, Next.js, Node.js, Express.Js, Django
- **Databases:** MySQL, PostgreSQL, MongoDB
- **Tools and Technologies:** MS Office, Excel, Google Sheets, Git, GitHub, VS Code, Linus, UML

LANGUAGES

- **English**: Professional working proficiency
- **Amharic**:Professional working proficiency
- **Wolayta:** Native

PROJECTS

ADDISRENTHUB-HOUSE RENTAL WEB SYSTEM

- Designed and developed a rental housing platform connecting tenants, landlords, and brokers
- Developed Full-Stack web system using React, Next.js, TailwindCSS, Node.js, Express and PostgreSQLs
- Managed development using Agile/Scrum methodology

MAROTA WEBSITE: PLATFORM FOR MARATA COLLAGE

- Designed and developed a modern, responsive website for a film and software institute
- Built user-friendly interfaces using React and Tailwind CSS
- Implemented structured pages for programs, services, and contact information
- Optimized performance, accessibility, and cross-device compatibility.
- Link to Website I have developed: https://marota.tech

ETHIOFUND: CROWD FUNDING PLATFROM FOR ETHIOPIA

- Developed a web-based platform concept for fundraising and financial support initiatives
- Designed intuitive interfaces for campaign creation and user interaction
- Implemented responsive layouts and organized data presentation
- Focused on usability, scalability, and real-world problem solving

INTERNSHIP

INSA- CYBERSECURITY AND SOFTWARE DEVELOPMENT INTERN

- Assisted in implementing secure coding practices, technical reporting and system protection measures
- Supported system monitoring, vulnerability awareness, and security best practices
- Participated in software development tasks and technical problem solving
- Collaborated with team members on IT and security-related projects

MAROTA FILM AND SOFTWARE COLLAGE- FULL-STACK WEB DEVELPMENT

- Developed and maintained a full-stack website using modern web technologies
- Built responsive user interfaces and implemented backend functionality
- Worked with databases to manage and organize application data
- Tested, debugged, and improved website performance and usability

EDUCATION

Bachelor of Science in Computer Science

Addis Ababa University(2022-2026)

Full-Stack Web Development and Related Computer Skills

Udacity(2024-2026)

freeCodeCamp(2024-2026)

Coursera-Meta(2025-2026)

ACADAMIC ACHIEVEMENTS

Ethiopian University Entrance Examination (Grade 12 National Exam): **570**

Addis Ababa University Bachelors of Degree in Computer Science-**CGPA: 3.70**

CERTIFICATES

- Meta Front-End Developer Professional Certificate-Coursera
- Responsive Web Design Certificate-freeCodeCamp
- JS DSA Certification-freeCodeCamp
- Front-end Development Libraries and Framework Certification-freeCodeCampt
- All the 4 Certificates of 5 Millions Coders of Ethiopia-Udacity

EXPERIENCES

QENE FILMS-SCRIPT TRANSLANTION AND VOICE OVER

- Worked with **Qene Films** as a **Script Translator** and **Voice-Over Artis**t, translating film and promotional content from **English and Amharic** into **Wolaytta** language with cultural accuracy and linguistic clarity.
- Provided professional voice-over narration in Wolaytta for multimedia productions, ensuring clear pronunciation, emotional tone, and audience engagement suitable for regional viewers.
- Contributed to major national digital finance campaigns, including **Telebirr Phase I and Phase II** projects, localizing scripts and audio content to improve accessibility and adoption among Wolaytta-speaking communities.
- Ensured translations maintained the original message, technical accuracy, and cultural relevance, especially for financial technology content targeting rural and semi-urban users.
- Collaborated closely with directors, editors, and production teams to deliver synchronized audio aligned with visual storytelling and timing requirements.

MAROTA FILM AND SOFTWARE COLLAGE: CREATIVE SPECIALIS

- Currently working at Marota Film and Software College as a Creative Specialist, contributing to both media and technology initiatives.
- Develop scripts for films, educational media, and promotional materials, focusing on compelling storytelling tailored to local audiences.
- Participate in software development projects, supporting concept design, content creation, and user-focused digital solutions that integrate technology with creative media.
- Contribute to brainstorming sessions, project planning, and cross-functional collaboration between film production and software teams

PERSONAL STRENGTH

- Highly detail-oriented and organized
- Reliable and deadline-driven
- Fast learner with strong problem-solving ability
- Ability to work independently and in teams
- Committed to quality, accuracy, and continuous improvement
